DAINTY CLOTHES

"JUST LIKE NEW"

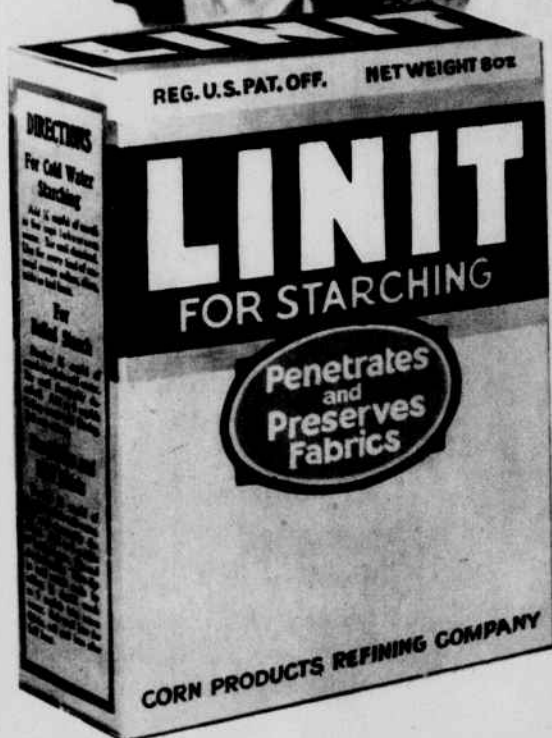

For children's dainty clothes, there is nothing that produces such a delightful effect as Linit, or gives such a cool, soft, pliable finish.

Linit makes ordinary cotton fabrics look and feel like pure linen. Because Linit is made by a new, scientific process, it quickly dissolves in water and makes a THIN solution which easily penetrates the fabric, strengthens it and prevents wear.

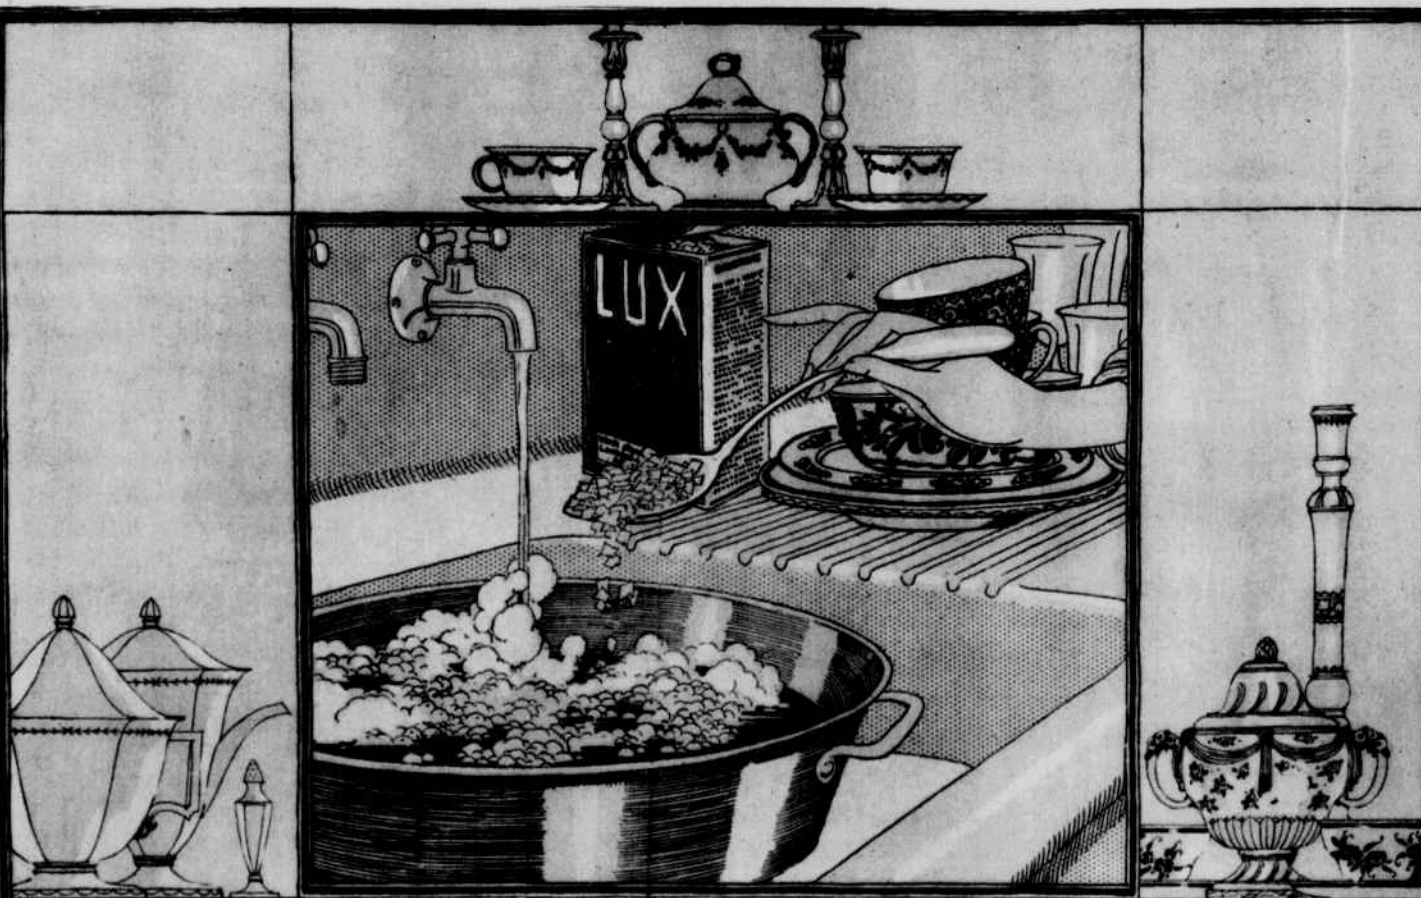

Your children's clothes deserve the best.
Starch with Linit!

Go to your grocer tomorrow and ask for Linit. Use it for every kind of fabric, whether lawn, cotton, linen, gingham, lace or curtains.

JUST ONE TABLESPOON

*A single package does 44 washings
—all the dishes for more than 2 weeks*

For the average family of 4 or 5 persons just one tablespoonful of Lux—a whisk in the hot water—and you have the richest, most cleansing lather you have ever had for your dishes.

Women themselves discovered this use for Lux. Women who for years had been getting such satisfaction from Lux for silks and woolsens tried it for washing dishes.

Thousands of letters have come in to us saying that Lux suds leave your china beautifully clean and at no cost to your hands, and asking us why we never mentioned it.

Lux contains no free alkali. It is as gentle upon the skin as fine toilet soap.

Begin using Lux today for dishwashing. One box will last 44 dish-washings—more than two weeks. Lever Bros. Co., Cambridge, Mass.

Lux won't redden or coarsen the hands. It rids them for good of that three-times-a-day-in-the-dish-pan look

**The Handiest, Dandiest
Range You Ever Saw**

It's a newly created, scientifically built range with many remarkable improvements—not the least important of which is the ability of one burner to do the work of two or more.

VULCAN SMOOTHTOP
COMPACT CABINET GAS RANGES

Vessels don't have to be placed directly over burners. The smooth, enclosed top gets hot all over. Six or seven things can be cooking at a time and two or three burners will do the work.

Also it's a lot more convenient and more comfortable range to work over. Easy to keep clean.

Vessels will not tip. Grease does not reach burners. Convenient. Compact. Good looking. Good cooking. But remember, you cannot get Smoothtop results by placing a solid top on your range. There is only one Smoothtop, and that is scientifically constructed for this purpose. It's the **VULCAN**

See the special Smoothtop demonstration of three vessels steaming with but one burner going.
